Engineering Solutions for Industrial Process and Combustion Applications

PERSONNEL ANNOUNCEMENT

April 7, 2009

I am pleased to announce Rency Ignacio has joined CTi as our Senior Control Systems Engineer. Rency has over 37 years of experience in planning, engineering design, and implementation of instrumentation, electrical control and computer monitoring systems for a wide variety of industries. His background experience includes project management, supervision, engineering design, procurement, scheduling, construction support, startup, and validation.

Most recently Rency worked for Rockwell Automation. His past employers include: Bechtel National, Amtec Industries, APC, and Brown & Root.

Rency's contact info is below.

Sincerely,

George Conostas
