

Victory Energy Operations, LLC is pleased to announce the appointment of **CTi Controltech** as our representative for northern California.

Victory Energy has rapidly become a leading supplier of steam generating equipment and services. Offering the Voyager Series Watertube 'O' and Discovery Series Watertube 'D' style Package Boilers (saturated and superheated units), Horizon Series HRSG's (Heat Recovery Steam Generators), trailer mounted rental boilers, and related auxiliary equipment.

Victory Energy is a diversified and forward thinking company offering complete design and manufacturing services from our Collinsville, OK facilities.

At Victory Energy we practice The 212 Principle

**At 211 degrees, water is hot.
At 212 degrees, it boils.
And with boiling water, comes steam.
And with steam, we power the progress of change.**

The power of one extra degree.

Founded in 1976 CTi has become a regionally recognized leader in the combustion industry.

We are pleased to have **CTi Controltech** join the Steam Team and provide that ***one extra degree!***
